

Directions: Color and cut out the circles on page 1 through page 4. Cut the dotted lines between the sections. You will need to glue the wheels together by placing glue on the small circles that say "Glue Here". The biggest circle will be glued on the bottom and the smallest circle will be glued on the top.

Important Note - Make sure to line up your circles before gluing! For example, you will want to glue all of the circles with the "Glue Here" circle with the text upright (not turned to the side).

**Operations with
Fractions**

Glue Here

Example $\frac{3}{4} + \frac{1}{6}$ Example $\frac{4}{10} - \frac{2}{8}$

Example $\frac{7}{8} \cdot \frac{12}{21}$ Example $\frac{18}{20} \div \frac{6}{15}$
